FERRER'S SENTENCE STIRS ROMAN MOB

Led by Socialists 20,000 Pro-

Rome, Oct. 12 .- More than 20,000 persons attended a mass meeting to-day in the Plazza di Campo to protest against the sentence of death pronounced against Prof. Francisco Ferrer, the noted Span- plane. ish anarchist, who will be shot to-morrow at Barcelona. Those present were mostly laborers and shopkeepers with a large proportion of the dregs of the population, the unemployed, discontented and hooligans, led by socialists and anarch-

Violent speeches hostile to Spain and the Vatican were made and these were greeted with groans and cries of "down with Spain," "death to the Pope," and "death to Merry del Val." The harangues lasted for more than an hour and then they were interrupted by the sight of a dirigible balloon, which unexpectedly appeared, making circles over the meeting Police Take Precautions.

Council of Jewish Women Hears Address at Eighth Street Temple.

Strongly condemning the circulation of sensational stories, as in the yellow journals of the large cities, Miss Rose Moidecal, member of the Purity Press Committee, at a meeting of the Council of Jewish Women at the Eighth Street Temple yesterday afternoon, urged that public sentiment be aroused toward its abolishment. Miss Moidecal declared that the contents of these papers were disgraceful, and some movement should be made which would no longer place any utility That this scourge is playing a great

part in human progress cannot be questioned," said Miss Moldecai, "and its influence is detrimental to the people at large. This is especially true of the younger element. There is something tractive headlines on the sensational paper dealing with murders, thefts, and the est atroclous criminal offenses. In their Square childish fancles, when they are most impressed, they really believe what they see o be true. And as a consequence they are led in the wayward path.'

Simon Wolfe, representative of the B'nai B'rith Council, which will convene in Washington on April 10 next, spoke briefly on the plans already completed. Mr. Wolfe also eulogized the work of the Woman's Council.

Donations were made to the United People's Charities, and the question of de-pendent children was discussed. President Mrs. Charles Goldsmith stated it is the hope of the council to construct a home for dependent children. After the business had been completed the members were entertained by musical selections.

The Safest Investments

Are those that do not fluctuate during disturbed conditions of the money or stock markets. First deed of trust notes (first mortgages), well secured on real estate in the District of Columbia, constitute "gilt-edge" investments. They do not depend upon the financial responsibility of individuals or corporations for their stability, and are exempt from taxation as personal property. We can supply such investments in amounts from \$500 upward. Send for booklet, "Concerning Loans and Investments."
